Medical institutions - Rural dispensaries

Increase in the provision for supply of
medicine.

(M)

In G.O. No 1949 P.H. of 16-8-1943 the Presidents
of all district boards were asked to make increased
provision in the dt-bd budgets beginning from the
year 1944-5 till the cessation of hostilities at the rate
of Rs 720/- a year towards the supply of medicines to
each rural dispensary of modern medical science.

p. 1 CF

The President, South Kanara dt-bd states that on account
of financial difficulties the dt-bd. is not able to
comply with the above orders and that it has made the
usual provision of Rs. 400/- a year for the supply of
medicines to each rural dispensary of modern medical
science. The Surgeon General, through whom the
letter of the President has been sent, considers
that Rs. 400/- a year is quite insufficient for
the normal working of a rural dispensary of
modern medical science. ^{in the} ~~due~~ ~~apparently~~ ~~to~~ ~~increase~~ ~~prices~~

of medicines and drugs. The Dt Bd. might be asked,
with reference to the note at p 6 N.E. of G.O. No 35003, 5-1-1944,
to find out whether any reduction can be made
in the expenditure under "Public Health" so as to
balance this increase in expenditure. Otherwise
the question of closing down some of the rural

dispensaries of modern medicine ^{science} should be taken up
in consultation with the Surgeon General. The Dt. Bd.
is at present maintaining 13 subsidized and
3 non subsidized rural dispensaries of modern
medical science. To make increased provision for
the 13 subsidized rural dispensaries the Dt. Bd. has
to make an additional allotment of Rs. 4,160 only.

Before taking up the question of either reducing
P.H. expenditure or closing down some of the rural
dispensaries ^{in the Dt.} L.A. may be requested to examine
the financial position of the Dt. Bd. and to state
whether the Dt. Bd. will really be unable to meet
this additional expenditure. The file may be
